

HOW DOES THE ESCA HELP OUR COMMUNITY?

ECONOMIC BENEFIT

Local hiring a priority for FORA ESCA Remediation Team

10 hired from area to date

Efficient cleanup means safe and efficient reuse

Earlier reuse increases municipal tax revenue

Matching cleanup to reuse reduces future site costs

Enhanced educational opportunities

Increased community safety

After cleanup, thousands of acres and miles of trails become available for public and recreational activities

Updated public infrastructure and roadway access

OVERALL COMMUNITY BENEFITS

ENVIRONMENTAL PROTECTION

Best available technology and methodology results in maximizing safety

Dedicated funding assures process and removal continuity

Natural resources are protected by ESCA terms and upfront funding
